BALLOON

Forme legate in maniera indissolubile alla necessità di soddisfare esigenze domestiche, rese eleganti dall'uso del colore, dal bordo sottile e dal dettaglio in appoggio.

Shape inextricably linked to the need of satisfying the domestic necessities, made elegant by the use of color, the thin edges and the detail at the base.

design: Simas

PO·MO

Sviluppata sulle due figure geometriche del cerchio e dell'ovale, la collezione PO·MO per mezzo del semplice dettaglio del gradino si affranca dal minimalismo spinto e rarefatto per evocare esperienze postmoderne.

Developed on the two geometric figures of the circle and the oval, the PO·MO collection by means of the simple detail of the step frees itself from extreme and rarefied minimalism to evoke postmodern experiences.

FORIÙ

*La ceramica esce dai suoi abituali confini per diventare un piano sottile, base di appoggio per quattro lavabi ;
una sorta di orizzonte che separa in due il progetto di arredo,
che ha nel ferro delle strutture e nel legno dei cassetti gli altri materiali impiegati.*

*Ceramics goes beyond its limits and becomes a thin top to support four basins:
a sort of new horizon splitting in two this decor project characterized
by the metal of the frames and by the wood of the drawers.*

COMPOSIZIONE
Compositions

Le strutture devono essere completate con i piani in ceramica
della misura corrispondente (80 -100 -120)
nei colori disponibili (pag. 276-277)

Wall-hung frames to be completed
with ceramic tops in the same size (80 - 100 - 120)
and to be chosen in the available colors (pag. 276-277)

WAVE

*Una collezione dallo stile definito, dai tratti essenziali ma morbidi,
che disloca il centro della figura in una nuova prospettiva di design*

*A collection strongly characterized by a design minimalist and comfortable
at the same time, relocating the center of the object in a new perspective.*

design: Simas

AGILE

*Tredici sono le dimensioni in cui questa serie di lavabi sospesi e da appoggio vengono prodotti, così come tredici sono le varianti di colore che possono essere scelte in relazione alle personali esigenze estetiche.
Completano la collezione due lavabi sottopiano e tre lavabi da incasso.*

A range of thirteen different dimensions and two undercounter bowls characterizes this collection of basins, wall-hung and countertop, offered in thirteen different colors for a mix and match on the basis of different aesthetical needs.

The collection includes two undercounter and three fully inset wash basins

SIF165 / SIF270
Sifone cilindrico lavabo da 1 1/4"

SHARP

Dieci lavabi dalla forma particolare:

lo schiacciamento morbido alla base e la conseguente tensione manifestata dal bordo sottilissimo, di soli 3 mm sembrano simulare visivamente l'idea di resistenza che il lavabo deve opporre al peso dell'acqua contenuta nel suo interno.

Ten basins with a peculiar shape:

the rounded volume at the bottom and the subsequent tension expressed by the extra thin rim of only 3 mm appear as a sort of visual simulation of the resistance of the basin with respect to the weight of the water inside it.

design: Simas

Tutti i box doccia sono su misura
All the shower boxes are made on demand

Le misure del box doccia sono indicative.
Prima di procedere all'ordine il rilievo delle misure deve essere eseguito a piatto doccia installato e rivestimenti posati.
The dimensions shown are not detailed.
Before passing the order the actual dimensions are to be taken once the shower tray and the wall tiles are installed.

PIATTI DOCCIA H3

Elegante, pratica e moderna, la doccia filo pavimento si impone sempre più come una scelta di tendenza per i bagni contemporanei e i nuovi piatti doccia H3 di SIMAS, con una altezza di soli 3 cm, design minimalista e piletta centrale offrono la risposta adeguata a questa nuova esigenza.

Elegant, comfortable and trendy the new 'walk-in' showers are a must have in contemporary bathroom design and SIMAS' shower trays H3, with a height of only 3 cm, a minimalist design and the waste positioned in the middle offer the right answer to this new demand.

VASCHE

Modernità e tradizione si completano in questa selezione di vasche da bagno per soddisfare anche i clienti più esigenti: design moderno e Crystal-tech® in alternativa alle più classiche delle vasche rétro in ghisa, passando per due nuovi modelli dal gusto evergreen, abbinabili ad ambienti bagno degli stili più diversi.

Modern design and tradition perfectly combine in this selection of bathtubs, to meet the taste of even the most demanding customers. Contemporary style and Crystal-tech® as an alternative to the most classic cast iron bathtubs and two new 'evergreen' models to match the most different bathroom styles.

CrystalTech®

Materiale composto da due parti. Spesso strato esterno di resina ISO-NPG per conferire brillantezza, impermeabilità, resistenza e qualità estetiche. Interno in miscela di resina poliestere addizionata a cariche inerti per definire le caratteristiche meccaniche. CrystalTech® è resistente a solventi, acidi e alle normali sostanze liquide per la pulizia. Leggeri graffi possono essere rimossi con pasta lucidante. In caso di scheggiature o incisioni profonde, l'apposito kit di riparazione ripristina la superficie originale.

Material composed of two parts. A thick outer layer of ISO-NPG resin to give shine, impermeability, resistance and aesthetic quality, and an interior of polyester resin mixture with inert fillers to define the mechanical characteristics. CrystalTech® is resistant to solvents, acids and normal liquid cleaning substances. Light scratches can be removed with the polishing paste. In case of chipping or deep scratches, the special repair kit can restore the surface to its original condition.

**Imballaggio speciale
Special Packaging**

La vasca Bohémien è dotata di un imballaggio speciale che garantisce il mantenimento della qualità nel trasporto grazie a un involucro protettivo in polistirolo e permette un'estrema praticità di installazione. Grazie a un sistema a rotelle è possibile trasportare senza fatica il pezzo nel luogo desiderato. Una volta posizionato l'imballo in prossimità del posto in cui viene installata la vasca, bastano alcuni semplici passaggi per consentire di estrarla e posizionarla in maniera comoda e precisa. Per maggiori informazioni consultare il manuale di montaggio presente nella confezione.

The packaging of the Bohémien bathtub comes with a special protective polystyrene wrapping that guarantees its quality during transportation and makes installation extremely practical. Special wheels allow effortlessly transporting the item to the desired location. Once the package has been positioned near the spot where the tub will be installed, only a few simple steps are needed to remove and position it safely and accurately. For more information, refer to the assembly instructions contained in the packaging.

ELEMENTI D'ARREDO

Piani d'appoggio e contenitori, finiture diverse per rispondere ad ogni esigenza di spazio e di stile, un unico denominatore comune: qualità e design, irrinunciabile complemento delle collezioni da bagno SIMAS.

Washbasin tops and storage cabinets in different finishes to meet every need for space and style, a single common denominator: quality and design, an indispensable complement to the SIMAS bathroom collections

SPECCHI

Da sempre lo specchio in bagno rappresenta un indispensabile elemento d'arredo nel quale, forse più che in ogni altro, funzionalità e design coesistono e si fondono. SIMAS ne offre una gamma completa, in linea con le più attuali tendenze del design, con il consueto alto standard qualitativo

Bathroom mirrors are those design elements in which – maybe more than in others – design and functionality must coexist and merge. SIMAS offers a complete range in compliance with the ultimate trends and with the usual high quality standard

Condizioni generali di vendita
General Sales Terms

- 1) *Consegna:* La merce è venduta franco ns. stabilimento. La SIMAS S.p.A. si riserva la facoltà di evadere un ordine in piu consegne a secondo delle effettive disponibilità dei prodotti presso il proprio magazzino.
- 2) *Imballaggi:* Le caratteristiche dell'imballaggio saranno esclusivamente a scelta della SIMAS S.p.A. che ne farà oggetto di addebito in fattura al Cliente,
- 3) *Dimensioni e pesi:* Le dimensioni ed i pesi riportati nel presente listino sono da intendersi a titolo puramente indicativo.
- 4) *Termini di consegna:* I termini di consegna e spedizione hanno valore indicativo in quanto, anche se il programma di consegne sarà improntato tenendo conto delle richieste del Cliente, la SIMAS S.p.A. si riserva di apportare modifiche alle sequenze delle consegne stesse rispetto ai programmi concordati.
- 5) *Pagamenti:* I termini di pagamento si intendono tassativi e decorrono dalla data di fatturazione. La SIMAS S.p.A. si riserva la facoltà di sospendere od annullare forniture qualora i pagamenti non siano effettuati nei termini pattuiti. Ogni eventuale contestazione non dà diritto al Cliente di sospendere i pagamenti in corso.
- 6) *Interessi di mora:* L'inosservanza dei termini di pagamento stabiliti determinerà l'addebito al Cliente degli interessi di mora al tasso ufficiale di sconto aumentato di 5 punti.
- 7) *La Simas S.p.A. si riserva la facoltà di modificare le caratteristiche tecniche dei propri prodotti e/o sopprimere modelli in qualunque momento e senza preavviso.*
Misure e colori sono indicati a puro titolo informativo e sono comunque soggetti alle tolleranze tipiche della ceramica.
- 8) *Reclami:* Tutte le forniture effettuate si intendono accettate trascorsi, senza alcun reclamo, 8 giorni dal ricevimento della merce. Eventuali reclami dovranno essere inoltrati, entro il suddetto termine, a mezzo raccomandata direttamente alla Sede della SIMAS S.p.A.
- 9) *Foro competente:* Qualsiasi controversia sarà di esclusiva competenza del foro di Viterbo.

- 1) *Delivery:* Goods are sold ex factory. SIMAS S.p.A. reserves the right to carry out orders in more than one shipment depending on stock availability.
- 2) *Packing:* Packing will be chosen by SIMAS S.p.A. and will be invoiced to clients.
- 3) *Dimensions and weights:* Dimensions and weights as indicated in the present price-list are to be considered as approximate ones.
- 4) *Delivery terms:* Delivery and shipment terms are approximate since, even though shipping schedules are organised to meet clients' needs, SIMAS S.p.A. reserves the right to modify delivery sequences regardless of agreed terms.
- 5) *Payments:* Payment terms must be strictly respected starting from invoice date. SIMAS S.p.A. reserves the right to stop or cancel shipments in case of clients' failure to pay within agreed terms. Any controversy does not give clients the right to stop pending payments.
- 6) *Arrears interest:* In case the client fails to settle payments within agreed terms, the client will be charged arrears interest at the current discount rate increased by 5 points.
- 7) *Simas S.p.A reserves the rights to modify technical features of its products as well as cancel any model at any time and without notice.*
Sizes and colors are indicated only for information and however, they are subject to the typical tolerances of ceramic."
- 8) *Complaints:* Any consignment will be considered as accepted after 8 days upon receipt of goods. After that, complaints will not be taken into consideration. Complaints must be forwarded within the a.m. term by registered mail directly to SIMAS S.p.A.
- 9) *Relevant Court:* Any controversy falls within the competence of the Viterbo Court.

Garanzia
Warranty

SIMAS garantisce da eventuali difetti di fabbricazione tutti i prodotti a catalogo per un periodo di due anni dalla consegna. La garanzia consiste nella sola sostituzione del pezzo difettoso, posto che lo stesso sia stato installato ed utilizzato correttamente, in conformità allo standard applicabile e alle istruzioni di montaggio, uso e manutenzione fornite. Sono escluse dalla presente garanzia le parti usurabili (componenti in plastica o gomma, guarnizioni etc.) e gli eventuali costi aggiuntivi derivanti dalla messa in opera del pezzo sostituito e dal trasporto.

SIMAS grants a guarantee period of two years since the date of delivery of all the products in the catalogue. SIMAS assumes no obligation other than the replacement of defective part upon presentation along with proof of purchase, providing that the product has been in accordance with the SIMAS operating instructions and with the current plumbing practice properly installed, used and serviced. Consumable articles (rubber elements, gaskets etc.) are not covered by this warranty, as well as labor, shipping and duty charges.

Manutenzione e Pulizia
Maintenance and Cleaning

Un regolare lavaggio con acqua e un detergente non abrasivo a base di candeggina , utilizzando una spugna morbida non abrasiva, è tutto ciò che occorre per mantenere inalterate le caratteristiche della ceramica (bianca e colorata, lucida e opaca). E' consigliabile utilizzare un panno in microfibra per asciugare.
Durante e dopo le operazioni di pulizia dell'interno del Wc lasciare sempre il coprivaso alzato , sia il coperchio che il sedile.
Per la pulizia del coprivaso è consigliabile utilizzare soltanto acqua e detersivi al sapone neutro, evitando spugne abrasive e asciugando con un panno morbido.
Le parti in metallo delle cerniere sono in acciaio inox: pulire regolarmente con detersivi al sapone neutro, sciacquare abbondantemente per eliminare ogni residuo di detergente che potrebbe causare macchie di calcare e ruggine.
Sono fortemente sconsigliati , sia per la ceramica che per i coprivasi, detersivi aggressivi o abrasivi a base acida o basica.

A regular cleaning with water and a non-abrasive cleanser based on bleach, applied by a soft and non-abrasive sponge, that is all what is needed to maintain intact the ceramic's characteristics (white or colored, glossy or matt).
It is recommended to use a soft rag to dry the surfaces.
During the cleaning process inside the Wc bowl, keep always open the seat-cover, both the seat and the cover.
Concerning the seat-cover cleaning, it is recommended to use only water and neutral soap cleanser, avoiding any kind of abrasive sponges and using a soft rag to dry.
The metal components of the hinges are in stainless steel: clean regularly by a neutral soap cleaning product, after this process rinse deeply to remove any residual of the cleanser, which may cause any rust or calcareous spot on the area.
We highly recommend to avoid the using, both for the ceramic and for the seat covers, any aggressive or abrasive cleaning product, acid or basic base.
